- On 19 and 20 August 1950 the landing field of the Schafstaedt (L 52/D 71) airfield was being farmed. A large farmyard was in the northwestern corner and an unfarmed area about 30 acres in size, and with many bomb craters, was in the southwestern corner. *

* Comment. The status of the field has not changed since 3 March 1950. There are no indications of an intended reconditioning of the field.
